BE YARNER

A L I M A R A V I L L A S

The *Be Yarner* collection includes a **Knitting Project Bag**, 3 Accessory Cases and a Crafter's Tool Belt, and they have been designed by *Alimaravillas* especially for you, the yarner. So what is this **Be Yarner** thing all about? Well, it refers to someone who lives by and for fibres and yarns. A *yarner* goes backwards and forwards and around and around without moving from the sofa or their favourite chair. Of course, when they do leave home they always take their working project with them wherever they go. In short, it's the type of person who cannot live without undergoing the experience of being able to create something extraordinary with their own hands.

You are a Yarner too!

Do you knit or crochet? In either case the #BeYarner collection adapts itself to you and all your accessories. This design –inspired by basic forms– is made from **Big Alabama**, the perfect fibre blend for these types of accessories. The cotton and acrylic composition is easy care, and furthermore, has an unequalled spongy handle. Something that is essential when it comes to accessories for our everyday use.
